

ZHENLI SHENG(盛镇醴)

CONTACT INFORMATION

Room 505, Institute of Computational Mathematics and Scientific/Engineering Computing,
Academy of Mathematics and Systems Science, Chinese Academy of Sciences.
No.55 ZhongGuanCun East Road,
P.O. Box 2719, Beijing 100190, China

Phone: (86)151-1798-4495
Email: szl@lsec.cc.ac.cn

EDUCATION

Ph.D student Mathematics, Chinese Academy of Sciences, now
BS. Mathematics, University of Science and Technology of China, 2010

FIELDS OF RESEARCH INTEREST

Nonlinear Programming, Distance Geometry Problem

CONFERENCE AND SEMINAR PRESENTATIONS

- "Geometric Buildup Methods for Distance Geometry Problem" at ICMSEC, Beijing, June 2012.
- "Distributed Geometric Buildup Method for Distance Geometry Problem" at ORSC, Northeast University, Shenyang, October 2012.
- "A Novel Trust Region Newton Method for Distance Geometry Problem" at COA winter meeting, Beijing, December 2012.

AWARDS AND HONORS

- President of Student Union in ICMSEC, 2011-2012
- Outstanding student leader, 2012
- National Scholarship, 2012
- Current President of CAS SIAM Student Chapter, 2012
